- 35300-5100C EU frequency, Inspire and Respire mask, short ear speaker

NEW!

## New attachment bracket

Spirocom units and attachment brackets with screw connection has reached End-of-Life.

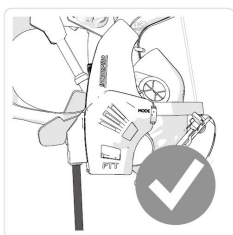

#Spirocom

OLD!

- New Spirocom units cannot be attached to the old bracket.
- Old Spirocom units can be attached to the new bracket by using a modified hand screw, part number 460200186.

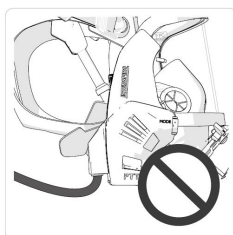

## Handling the cable

The cable must be handled with care. Do not twist or bend it too narrowly.

#Spirocom

New Spirocoms has now been improved with a bend protection for the cable see picture below.
